

Walk in Code STROKE: 24-7

Role of the RN

1. Ensure all times are filled in on order set in hours and minutes
2. Complete Code STROKE orders
3. If unit clerk not available: Call **416-489-2111** indicate either “**Emergency Transfer Code Stroke Stable**” or “**Emergency Transfer Code Stroke Unstable**”

For example:

“Code Stroke stable North York General Emergency Department to Sunnybrook Emergency Department”.

4. All documentation on Code STROKE order set and transfer record complete
5. Communicate (phone **and** fax) blood results to RN in charge/team leader in emergency department at RSC if not available at time of transfer.
