

Thank you!

Unfortunately, people will continue to have strokes, even during a pandemic. Fortunately, our stroke stakeholders are dedicated to delivering high-quality stroke care. From all of us at CorHealth Ontario, a heartfelt thank you.

Highlighting Creativity in Stroke Care during COVID-19

To show our appreciation, we want to highlight your amazing work throughout the month of June by spotlighting the creative strategies being used to continue delivering high-quality stroke care during the coronavirus (COVID-19) pandemic.

Send in your highlights to: service@corhealthontario.ca

Resources for Care Providers

Your work is invaluable to the healthcare system, and most importantly to the outcomes of patients and families who experience a stroke. To help you continue to support patients and families as well as raise awareness within your communities, check out the following resources:

- [CorHealth Ontario COVID-19 Resource Centre](#)
- [Heart and Stroke COVID-19 Stroke Awareness Poster](#)
- [Aphasia-friendly COVID-19 Stroke Awareness Poster](#)

Stay tuned for more resources throughout Stroke Month.
